

# MORNING APPEAL.

WEDNESDAY, AUGUST 2, 1892

During the twenty-four hours ending at noon yesterday there were 128 deaths from heat in New York.

It is said there is gold enough in Snake river valley, Idaho Territory, to pay the national debt if it could be saved. On hundreds of thousands of acres it can be found with a common gold pan. But the gold is so light that it escapes all known processes.

The San Leandro Reporter says that if the Democratic party continues to go to pieces as it has done since the San Jose Convention by the time the Republicans get into the field there will be nothing to fight except a skeleton squad here and there. The party started out with a flaring rocket, but it has already come down like a stick.

J. W. Rosenloff, who was struck on the head with a rock by officer Reed, of Truckee, about two weeks ago, died last Friday morning. An inquest was held, and the verdict of the jury was that deceased came to his death from the effects of a stone thrown by officer James Reed, in attempting to arrest deceased. James Reed believing his life to be in danger, the jury believe that he acted in self-defense.

**Hawaiian Sugar in New York.**  
Sandwich Island sugar has appeared at New York city by water, a single cargo of 26,469 pounds having reached the port last week, after a run of 116 days from Honolulu. Freight is low, the sugar pays no duty, and a similar shipment is expected in a month or so. The shippers are reticent as to the probability of a regular trade; but if the first shipment is profitable, others are sure to follow, unless ocean freights, now extraordinarily low, take a rise. The appearance of Hawaiian sugar in the Mississippi Valley last year raised the most vigorous agitation for the repeal of the reciprocity treaty yet known; but that movement is likely to be mild in comparison with the push for repeal, if sugar begins to come in by water. A reduction of the duty would, of course, cut off this sugar trade by lowering the price in the East.—Philadelphia Press.

**An Affecting Scene.**  
Three days ago a most pathetic scene took place on the stairway of the Palace Hotel. Two sisters separated for twenty years, one only possessed of the other's photograph, arrived in town and put up at the Palace Hotel. Their similarity of names must have called up familiar recollections and both were a little curious over the other possessing the familiar names their sisters were endeared to them by. As chance would happen they met on the stairs, one going up and the other coming down. The one who had the photo recognized her sister and fell to sobbing hysterically on her bosom, much to the latter's astonishment. Finally between tears and sobs and loving ejaculations, the other sister awoke to the situation and there and then ensued a weeping and hugging match that would have put Reno girls to flight, so intense was the ardor of it. When everything quieted down the two sisters retired to a room and poured forth into each other's ears the story of events of their twenty years' estrangement, and next morning departed for Cedarville, Cal. Johnny Fitzgerald of the Palace, says that the scene made him weep and become hysterical himself.—San Journal.

**Take Your Choice.**  
The universally accepted brands of whiskies of the present day are Old Cremona, Teakettle and J. E. Cutter. They are at the head of the list, the most expensive and considered the purest, and recommended for medicinal purposes. For the pure and genuine article they cannot be surpassed. These brands are kept by J. E. Dealy, at his saloon in the County Building. First-class cigars also on hand. Billiard tables and card rooms, and everything in style.

**W. M. Rodkins**  
Wishes to announce to all of his former customers that he has removed his glove manufactory to Santa Rosa, Cal., where he has better facilities for manufacturing, and is prepared to fill all orders promptly and at reduced rates.

For a first-class shave, hair-cut or shampoo, by a first-class artist, the place to go is M. Ascheim's, adjoining the Carson Exchange. He has fitted up a shop in good style, keeps his tools in fine condition, and wants his old friends and the public in general to know that he can be found next door to the Carson Exchange, near the depot. No trouble to wait on customers.

The highest medical authority is pronounced in denouncing the use of ice made from other than pure running water. The old theory that freezing purified water in stagnant ponds and destroyed impurities, has been exploded, and it is now a settled fact that no ice is fit for use but that frozen in running streams. Doc Benton has an abundance on hand, cut from the Carson river, and delivers the same to all parts of the city. Orders left at the livery stable will receive prompt attention.

**For Sale.**
